

Warranty Statements – Power Generators Products

Included Products:

- Stationary Diesel Power Generators (GSW, GDW)
- Stationary Gaseous Power Generators (GGW)
- High Power Diesel Generators
- Customized Solution Products (GCW)
- Telecom Diesel Generators (GTW)
- Rental Diesel Power Generators (GRW)
- Mobile Diesel Power Generators (GPW)
- Mobile Diesel Power Generators (P Series)

NOTE: ALL START-UP INSPECTION SHALL BE PERFORMED BY AN AUTHORIZED SERVICE DEALER

The manufacturer will, at its discretion, repair or replace any part(s) that, upon examination, inspection, and testing by our service engineers or Authorized Service Dealer (ASD), or branch thereof, is found to be defective under normal use and service, in accordance with the warranty schedule set forth below. Repair or replacement pursuant to this limited warranty shall not renew or extend the original warranty period. Any repaired product shall be warranted for the remaining original warranty period only. Any equipment that the purchaser/owner claims to be defective must be examined by the nearest ASD, or branch thereof. It is highly recommended that scheduled maintenance, as outlined by the owner's manual and any component documentation, be performed by ASD, or branch thereof. This will verify service has been performed on the unit throughout the warranty period.

Warranty Coverage: Warranty coverage starts from the date of shipment from our factory, Registration of the unit will restart the warranty period up to six months from date of shipment.

Product Group	Application	Warranty Period (Years)	Hour Limitation
Stationary Diesel Power Generators (GSW, GDW)	Emergency Standby application	2	1000
	Prime / Continuous application	1	3000
Stationary Gaseous Power Generators (GGW) – Generac engines	Emergency Standby application	2	1000
Stationary Gaseous Power Generators (GGW) – MAN engines	Continuous application	2	10,000
High Power Diesel Generators (GSW)	Emergency Standby application	2	1000
	Prime / Continuous application	1	6000
Customized Solution Products (GCW)	Emergency Standby application	2	1000
	Prime / Continuous application	1	3000
Telecom Diesel Generators (GTW)	Emergency Standby application	2	1000
	Data Center application	2	1000
	Prime / Continuous application	1	3000
Rental Diesel Power Generators (GRW)	Rental Application	1	Unlimited
Mobile Diesel Power Generators (GPW)	Mobile Application	1	Unlimited
Mobile Diesel Power Generators (P Series)	Mobile Application	1	2000

Guidelines:

- All warranty repairs must be performed and/or addressed by ASD, or branch thereof.
- All warranty expense allowances are subject to the conditions defined in Claim Policy Manual.
- Damage to any covered components or consequential damage caused by the use of a non-OEM part will not be covered by the warranty.
- The warranty is not transferable; therefore, any warranty claim must be submitted by the original owner.
- An original Load Transfer Switch (LTS) is highly recommended to be used in conjunction with the genset. If a Non-Original LTS is substituted for use and directly causes damage to the genset, no warranty coverage shall apply.
- The manufacturer may choose to repair, replace, or refund a piece of equipment.
- Warranty Labor Rates are based on normal working hours.
- Additional costs for overtime, holiday, or emergency labor costs for repairs outside of normal business hours will be the responsibility of the customer.
- Verification of required maintenance may be required for warranty coverage.

- Engines and alternators used in our products carry a separate manufacturer's (OEM) warranty (the "OEM Warranties"), unless otherwise expressly stated. All warranty claims for defects in material and/or workmanship on our product OEM components should be directed through the OEM distributor/dealer network. OEM Warranties may vary and are subject to change. The manufacturer shall have no liability under OEM warranties.
 - Enclosures are warranted against rust for the first year of ownership only. Damage caused after receipt of generator is the responsibility of the owner and is not covered by this warranty. Nicks, scrapes, dents or scratches to the painted enclosure should be repaired promptly by the owner.
 - To be eligible for the warranty, proof of purchase clearly defining date of purchase must be provided.
 - The manufacturer reserves the right to make final decisions regarding the approval of warranty claims.
 - Each product must be subjected to regular maintenance according to the documentation supplied and only original spare parts must be used.
-
- Any component replaced under warranty becomes the property of the manufacturer.
 - All replacement components substituted under the warranty will be considered as a part of the original product and, consequently, the warranty for such components will expire along with the original product.
 - The warranty does not cover any other liability and/or obligation as regards additional expenses, as well as direct and/or indirect damage or losses due to both total and partial use and/or impossibility of use.

The Followings will NOT be covered by this warranty:

- Costs of normal routine maintenance (i.e. tune-ups, associated part(s), adjustments, loose/leaking clamps, installation and start-up).
- Any failure caused by contaminated fuels, oils, coolants/ antifreeze or lack of proper fuels, oils or coolants/antifreeze.
- Failures caused by any act of God or external cause such as, but not limited to, collision, fire, theft, freezing, vandalism, riot or wars, lightning, earthquake, windstorm, hail, volcanic eruption, water or flood, tornado, hurricane, terrorist acts, or any other matters which are reasonably beyond the manufacturer's control.
- Products that are modified or altered in a manner not authorized by the manufacturer in writing.
- Failures due, but not limited to, normal wear and tear, accident, misuse, abuse, negligence, or improper installation or sizing.
- Steel components that rust as a result of improper installation, location in a harsh or saltwater environment, or are scratched where the integrity of applied paint is compromised.
- Any incidental, consequential or indirect damage caused by defects in materials or workmanship, or any delay in repair or replacement of the defective parts.
- Damage related to rodent and/or insect infestation.
- Overnight freight costs for replacement parts.
- Costs due to delays in repairs or replacement of defective parts or rental of equipment used during repairs.
- Batteries:** Batteries are considered as wear components, subject to maintenance and operation instructions described on user manuals, Warranty voids in case of user manual instructions are not punctually applied on batteries

The manufacturer excludes all other warranty conditions, terms, representations and undertaking whether express or implied. manufacturer makes no other warranties as to the merchantability or fitness for a particular purpose. notwithstanding anything else, to the extent permitted by the applicable law, the total liability, in the aggregate, of manufacturer, its affiliates, and subcontractors, and their respective employees and agents shall be limited to the price paid by the purchaser for the specific product/service giving rise to the claim. under no circumstances shall manufacturer, its affiliates, or subcontractors, or their respective employees or agents be liable for any consequential, incidental, indirect, special, or punitive damages (whether for lost profits or revenue, work stoppage, downtime costs, lost business, or otherwise), even if advised of the possibility of such damages or if such damages are foreseeable.

This warranty may be modified only by the manufacturer in writing. This warranty does not exclude the warranties and conditions implied by statutory rights and obligations that by any applicable law cannot be excluded, restricted, or modified ("mandatory rights").

In cases of warranty claim, notification of the product failure or the functional impairment is to be made by submitting a warranty claim form that available online on <https://support.pramac.com> , please ensure that you have provided the following information to quickly confirm that the product is within warranty period:

- Full description of the failure, provide some supportive photos.
- Failure date.
- Start-up / commissioning date, with provide copy for the commissioning report.
- Product model and serial number, with provide photo for the product data plate.
- Current running HRs, with provide photo for the hour meter.
- Product application (prime power, continuous, rental, or standby).
- Operating environment.
- Maintenance History.
